ATT: Ms Susan Swales

Dear Ms Swales:

In response to your letter of November 10th, I have only owned Motor Supply Company since May of 1985; therefore I am answering your letter to the best of my knowledge.

Motor Supply Company is an automotive jobber with a machine shop. Our waste generated is degreaser sludge. The waste is removed by Himco Waste-Away (see approval letter copy enclosed).

At the present time, we have decreased this accumulation to 55 gallons over 3 years.

We do not know what SIC number refers to; therefore we cannot submit this.

In closing, I am sending copies of all the information that I am aware of at this present time.

Sincerely,

Donald L Malcom

MAY 30 1984

Dear Mr. Himes:

Re: Waste Disposal Approval Extension
for Degreaser Sludge from
Motor Supply Company, Inc., Elkhart

Motor Supply Company, Inc., previously applied for approval to dispose of one 55-gallon drum per year of degreaser sludge at the Earthmovers Landfill, OPP. No. 20-3, Elkhart County. The request was granted subject to certain conditions.

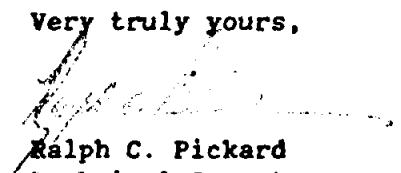

This letter hereby extends the approval granted on October 30, 1980, for two 55-gallon drums per year of degreaser sludge subject to the following conditions:

1. The generator and/or hauler must contact you to notify you of the time of disposal and conditions of shipment.
2. If nuisance or pollution conditions are created, immediate corrective action will be taken by the operator.
3. Waste material accepted under this approval shall be included on the Special Waste Monthly Report to be submitted to this office monthly.
4. This approval makes the previous approval letter dated October 30, 1980, null and void.
5. This approval will expire May 31, 1985.

This approval will be revoked if the landfill fails to maintain compliance with 320 IAC 5-1, et seq. (Regulation SPC-18). Any necessary local approval must be obtained, but is not required for this approval to be valid.

If you have any questions, please contact Mr. Norman J. Gray of the Solid Waste Management Branch at AC 317/633-0157.

Very truly yours,

Ralph C. Pickard
Technical Secretary

SPECIAL WASTE AGREEMENT

RECEIVED OCT 2 1985

For and in consideration of, and as a material inducement to Himco Waste-Away Service, Inc. ("Himco") and Earthmovers, Inc. ("Earthmovers") to haul and dispose of special wastes generated by Motor Supply Company (Generator), Generator hereby agrees as follows:

1. Representations and Warranties of Generator. Generator represents and warrants that

- A. it will not place any caustic, toxic, radioactive, highly flammable, explosive, or hormone products or other hazardous materials which could be harmful to human life and health or which would be in violation of SPC-18 or any other regulations of the Indiana Environmental Management Board, the Indiana Stream Pollution Control Board, and/or the United States Environmental Protection Agency, in any of waste being hauled or disposed of by Himco and/or Earthmovers;
- B. will provide all necessary documents and paperwork for compliance with local, state, and federal laws and regulations for hauling and disposing of said special waste, (except for the Special Waste Monthly Report which Earthmovers is required to file monthly with the Indiana Environmental Management Board); and
- C. any materials hauled and disposed of hereunder by Himco and/or Earthmovers are and will be covered by the approval granted by the Indiana Environmental Management Board pursuant to the Letter of Approval dated August 28, 1985.

2. Indemnification. Generator further agrees to indemnify, defend and save harmless Himco and/or Earthmovers from and against any and all suits, actions, claims, damages, or costs, including reasonable attorney's fees,

- A. for injuries to persons or damage to property arising out of Generator's breach of any warranty or representation made by Generator herein, and/or
- B. costs and expenses incurred as a result of the Indiana Environmental Management Board, or any other federal, state, or local governmental authority requiring Himco and/or Earthmovers to take any remedial action including, but not limited to, excavating and removing waste from the landfill, adding additional cover or instituting any additional protective or monitoring measures at the landfill site, as a result of or in any way relating to the hauling of the special wastes as set forth in said Letter of Approval. It is expressly agreed that the indemnifications provided for herein shall extend beyond the hauling and disposal of the special wastes provided for herein, and beyond the expiration of the Letter of Approval set forth above.

IN WITNESS WHEREOF, the generator, by its duly authorized officer, agent, or employee, has signed this Agreement as of the day and year first above written.

Elkhart, IN 46515

Dear Mr. Himes:

Re: Disposal of Degreaser Sludge from Motor
Supply Company, Inc., Elkhart, Indiana

This letter acknowledges the request for disposal dated
May 14, 1985, from Motor Supply Company, Inc.

Approval is hereby granted for disposal of five (5) fifty-gallon
drums per year of degreaser sludge at the Earthmovers Landfill,
OPP. No. 20-3, Elkhart County. The waste is to be mixed with solid waste
and covered with a minimum of six inches of cover soil by the end of the
working day.

This approval is granted subject to the following conditions:

1. The generator and/or hauler must contact you to notify you of
the time of disposal and conditions of shipment.
2. If nuisance or pollution conditions are created, immediate
corrective action will be taken by the operator.
3. Waste material accepted under this approval shall be included on
the Special Waste Monthly Report to be submitted to this office
monthly.
4. This waste is to contain no free liquids.
5. This approval will expire September 30, 1986.

This approval will be revoked if the landfill fails to maintain
compliance with 330 IAC 4-1, et seq. (Regulation SPC-18). Any necessary
local approval must be obtained, but is not required for this approval to
be valid.

If you have any questions, please contact Mr. Norman J. Gray of
the Solid Waste Management Branch at AC 317/243-5033.

Very truly yours,

Ralph C. Pickard
Technical Secretary
